## Employment History

*June 1995 to Present - Principal Consultant, **Audit Services International***

Audit Services International is the leading mining industry consultancy for safety and health management systems implementation, maintenance, auditing and training. Recent projects that have been managed include:

- ◆ Implementation, maintenance and internal auditing of OHSMS and EMS for ERA Ranger Mine
- ◆ Implementation, internal auditing and training of QMS, EMS and OHSMS for Power and Water Corporation
- ◆ Implementation, internal auditing and training for Capcoal for QMS
- ◆ Provision of external OHSMS Auditing Services to Centennial Coal Company
- ◆ Provision of external HSECM Auditing Services to BHP Illawarra Coal
- ◆ Implementation of OHSMS for Ulan Coal Mine
- ◆ Provision of external OHSMS Auditing Services to Macarthur Coal
- ◆ Provision of sub-contractor prequalification to SANTOS Limited
- ◆ Provision of numerous training courses to industry including the Qld, NSW and TAS Mines Departments and a wide variety of mining and heavy industry companies.

*May 1994 to March 1995 - Corporate Quality Co-ordinator / Principal Consultant -AQAS Business Unit, **Australian Coal Industry Research Laboratories (ACIRL)**.*

- ◆ Implementation of QMS for a variety of surface coal mines within Qld, as well as maintaining QMS certification and NATA certification for all ACIRL locations in Australia.

*March 1993 – May 1994 – Laboratory Manager – **GEC Alsthom Pty Ltd***

*November 1991 - March 1993– Bitumen Technologist – **BP Bulwer Island Refinery***

- ◆ Both of the above positions were based around provision of laboratory testing services under NATA certification. My role was to ensure that testing methods were maintained in accordance with certification, as well as maintain ISO9001 quality certification compliance.
